Your Local and National Provider for FF&E and OS&E

We Work for You and with You, “Anywhere”[®]

Move Solutions, along with the other Total Office Solutions family of companies, provides deep resources and services for furniture, fixtures and equipment (FF&E) and operating supplies and equipment (OS&E) anywhere, regardless of project size.

We partner with companies across many industries—but most importantly, we take the time to understand our client’s needs to help guide them through the process, and each decision, seamlessly from start to finish.

We have completed projects ranging from 1,100 keys all the way down to single-model rooms. No project is too large or too small, and each project receives the same attention to detail and commitment to ensure client satisfaction.

As a direct result of our excellent track record, Move Solutions has become a large hospitality and business relocation service provider in Texas and throughout the country. Thanks in part to our founders-level membership with the Office Moving Alliance (OMA), we can provide our services anywhere. The OMA consists of 45 members in over 228 markets. Most members have been in the hospitality and office moving business for decades, and include over 15,000 movers, installers, and warehousemen with 7,500+ vehicles.

We are proud to be women-owned and -led in addition to being a Certified National Women’s Business Enterprise (WBENC). We are also a Texas Certified Historically Underutilized Business (HUB).
