## “Stack & Pack™” - How To Use Our Custom Crates!

**MSL Crates Are Safer Than Boxes; Nobody Lifts A Loaded Crate!**

**MSL Crates Are Faster, More Efficient; We Save You Money!**

**Placing**

- Set your empty crates on the dolly.
- Roll the crates to the contents to be packed.

**Packing**

- Pack your contents up to the line 1/2 inch below the top of first crate.
- Close the lid as shown.

250,000 Pounds  
Of Cardboard Boxes  
**STOPPED**  
Going To The Landfill  
Annually.

**Stacking**

- Pack the second crate as you did the first.
- Continue the Stack & Pack™ process 3-4 crates high.

**Custom  
Crate Proofs**  
**Crush Proof!**  
**Water Proof!**  
**Theft Proof!**  
**Topple Proof!**  
**Packrat Proof!**

**Ready To Go**

- Affix your numbered move labels and security ties to the end of the crates for easy identification.
- Move Solutions employees will move your crates per schedule.

**Unpacking**

- Reverse the Stack & Pack™ process. Nest crates together as you empty them, then place them back on the dolly after you remove your move labels from them.

**Security  
Ties**
